RED WINGS vs. CALGARY HAWKS JANUARY 1st, 1934, at 3 P.M. at Strathmore Arena

SUCCESSFUL SCHOOL CONCERT

The Strathmore School on Friday evening December 22nd held its 5th Annual Christmas Concert.

The program consisting of songs, plays and drills was given under the direction of the teachers, with all the children of the school taking part. The concert was a great success and attended by a large and enthusiastic audience.

ALBERTA WILL ATTEND MEET

Edmonton.—Alberta will accept the prime minister's invitation to an interprovincial conference in Ottawa on January 11, says Premier Brownlee, and which one of the ministers shall be its representative will be decided at a cabinet meeting within the next few days.

In the meantime Mr. Brownlee is communicating with the other western provinces with respect to matters of common interest that may be suggested in behalf of the west as items of the programme.

An Ottawa dispatch states unemployment insurance, relief and several other questions in which the constitutional rights of the provinces must be considered in the adoption of uniform legislation for the Dominion, will form the main themes for discussion at the Dominion provincial conference.

It is believed likely that among the subjects to be discussed, the united drive by the blind organizations of Canada to secure a stable schedule of pensions for the sightless poor will be prominent.

MORE WHEAT IN EUROPE THAN BEFORE IN HISTORY

Strathmore, being in the heart of a North American wheat producing district is vitally interested and deeply concerned in the report of the Dominion Bureau of Research on European wheat production released this week.

The first startling fact in this report is that there are 165 million bushels more of home grown wheat in Europe this fall than last year. In place of importing wheat from the British Isles, the European countries now have wheat to sell.

Immense crops in 1922 in France, Germany, Italy, Greece, the Netherlands, Denmark and also in Great Britain have changed the entire face of world wheat markets. Russia had a fair crop but her small exports are not a factor at present. The main fact is that many former wheat importing countries, to which millions of bushels of Canadian wheat were sold, now have wheat to sell.

The shipping records of this year tell the story in words that cannot be denied. From August 1 to November 20, 1933 world shipments of wheat and wheat flour amounted to but 143 million bushels as compared with 172 million bushels during the same period last year.

A sharp reduction in the shipments from North America has taken place this year. Shipments from North America from August 1 to the date of the report amounted to 74 million bushels as compared with 110 million during the same period last year.

Although Great Britain had a heavy crop this year she continues to import in large quantities. From August to November 20 she imported a total of 54 million bushels as compared with 52 million in the same period last year.

And in spite of the Ottawa agreements and all the fuss and feathers about other country markets, Canada shipped a scant half of the British imports this period or 27 million bushels.

COMING EVENTS

We are glad to note local interest in social credit and the fact that there will be a meeting in Hirtle's Theatre Saturday Dec 29th under the Chairmanship of Chas G Palmer and a Calgary group of speakers. The proposals for Alberta will be given, and an opportunity for questions and discussion.

Local News Items

Mr. Archie Gray came home from Edmonton to spend the Christmas Holiday at the home of his parents Mr and Mrs R E Gray.

Mrs Davidson entertained at a jolly party Thursday for her young son Buddy. A merry time was had by all the young guests.

Miss Laurine Clippis of Eastern, Sask, who has been the guest of Margaret Jackson and Helen Novak for the past three weeks left for Clive on Friday where she spent Christmas.

London reviewed as World Gold Market is creating a great wave of optimism in the old land.

Mr and Mrs M S Hirtle have leased their theatre in Strathmore for the year 1934 to H W H Sharp of the Sharp Show Circuit. The regular patrons of the local theatre will miss seeing Mrs Hirtle with a cheery smile has been so constant in her attendance in the box office on each Friday and Saturday evening throughout the year.

Congratulations are being extended Mr and Mrs Cornelius Buschman on the arrival of a baby girl and Mr and Mrs Jacob Neufeld on the birth of a baby boy. In girls attended in each case.

Mr Carl Jansen came down from Donalda to enjoy the Christmas holidays at his home in Strathmore.

The latest book, a new story, to come from the pen of Pwet Lawrenc, Maudsliff is The Bird of Dawning. McMillan publishers. It is well spoken of by reviewers.

In the Herald Road Race the 28th renewal of which was held Monday last, fifty-three contestants entered of whom three were local boys, Stewart Lydall, Gordon Kraatz and Paul Mansure.

HIRTLE'S THEATRE TAKEN OVER BY SHARP'S CIRCUIT SHOWS

Hirtle's Theatre is to be taken over by Sharp's Circuit Shows on January 1st, 1934.

Sound track equipment will ensure sound that is pleasant and easy to listen to. Perhaps a word ought to be said in regard to talking picture equipment which is of two types, the disc, and sound track. The use of sound track equipment ensures perfect synchronization of sound and motion without any breaks in the program due to the necessary blank film in the case of a disc print where a cut

An appalling railway accident occurred 15 miles east of Paris, France Saturday December 23rd when two trains crashed in a thick fog, turning the track into shambles. Many of the passengers were on their way home for a happy Christmas holiday. The list of the dead is over 200. The engineer and fireman are held in prison charged with homicide by negligence and with these men whose heart efforts will be kinder than tongue can tell one sympathetic to the full as they claim the signals were not ignored by them.

The Ladies Aid of United Church will meet Thursday January 4th at the home of Mrs T Milson. A good attendance is requested.

INDIA TO HAVE EXHIBITION

Invitations are being sent to machinery manufacturers in all parts of the world to send exhibits to the exhibition of Indian industries that will be held in Delhi next February. The Association for the Development of Handicrafts (Hansa) industries in organizing the event, which is intended to show the development being made in India's home industries. The organization has achieved much success in promoting the cottage type of industry in which the work is done at home or in small shops. It also has helped in launching large enterprises. The promoters say that these industries soon will shed machinery, ranging from those turning out agricultural and mining instruments to those producing toys.

CALLING 15,000,000 OLD SCOUTS

Development of an Old Scout Branch of the world Boy Scout movement as another contribution to international youth friendliness, is the latest idea of Lord Baden Powell. The Scout Council declared there are some 15,000,000 old Scouts in the world.

POPE'S HUMAN HEART

The Catholic attitude toward the economic system, voiced with so much humanitarianism by Pope Pius, was given a recent address by Cardinal Hayes in which he said in part: Our social order needs to be reconstructed on a different basis. Justice demands a fairer distribution of wealth and a greater opportunity for ownership by the masses, not only in industry, but in their own homes as well. Our able bodied citizens should be secured of a fairly wage, decent hours, safe working conditions and steady work. Honest, self respecting families should be able to enjoy comfortable homes, joyful recreation and proper opportunities for education. Those possessed of power of this world's goods—must really love their neighbors as themselves.

SMALL PERCENTAGE

Only 8 per cent of sudden deaths from heart disease come from farmers and farm workers.

RED WINGS TRIM THE GUNNERS.

Playing the first game of the season in Glenora last Friday night the Strathmore Red Wings won a 4-2 victory over the Glenora Gunners. The game was exceptionally fast and a bit tough in spots.

Charlie Gironx opened the scoring after three minutes of play on a pass from Mike Moran. Brown scored for the Red Wings.

CHRISTMAS THE EMPIRE ROUND

It will be a long time before the people of the world cease to marvel at the miracles of the radio, particularly at the miracles of the King, particularly at the miracles of the King, particularly at the miracles of the King.

Some day these marvels may be commonplace and we shall look back to the time when men hesitated to call Lethbridge from Calgary with the same sentiment as we think of day of men's doubt of the feasibility of floating steel ships. But today they are still fascinated by the wonderfulness of it all, the voice of the King in Sandringham, the babel of tongues and the clank of church bells in London, the happy cries of Glasgow children, the Christmas joy of the Irish peasant, a little journey undered with a Vespa nine and a visit to the keeper of a lonely lighthouse on the Yorkshire coast. And then the voice of Bermuda calling to Ottawa, Ottawa calling to New Zealand, New Zealand to Australia, Australia to Bombay, Bombay to Cawston. Let us marvel at it all. Let us stare open mouthed like children at a toyshop window and be proud and glad. (In spite of inconvenience) that we belong to the generation when these miracles were wrought. —Alberian

SUIT FOLLOWING

Suit was started in the supreme court at Calgary last Thursday against the Greyhound Lines, Ltd., owners of the bus involved in the fatal accident at High River in October. The suit is brought by Arthur Wilkinson, father of Max Louis Wilkinson, who was killed in the accident, as administrator of her estate, and asks for \$10,000 against the company, and \$250 special damages to cover medical and funeral expenses.

THE I.O.D.E.

The I.O.D.E. wishes to thank through the standard all those who assisted in any way in our efforts to spread a little Christmas cheer among the children. We gratefully acknowledge the following donations: Proceeds from turkey, donated by Mrs T Chamberlain \$20.00; U C Y P Society \$2; St John's Fund \$10; Christmas pennies, Miss Hall's Room 75 Cents; One Box Apples, Mrs Peterson; 6 lbs candy, T E H Patterson.

A number of articles of warm clothing were sent in and distributed to the best advantage, along with these packages 135 Christmas cheer packages were sent out to children in and around vicinity of Strathmore. Our special thanks go to Mr Winter who loaded his car with our parcels and spent several hours delivering same, and to Mr Gardner whose efforts along this line were greatly appreciated.

Two committees were in charge of this work. Draw for turkey, Miss Brown, Mrs A P Gray, with assistance from Miss Gladys Hattache, Christmas cheer packages, Mrs Schutte, Mrs Bowers and Mrs Nichol.

Banff Queen

Miss Violet Davis, of Edmonton, Alberta, who will reign as Queen of the Banff Winter Carnival, from January 31st to February 4th, inclusive. This internationally famous winter sports festival, which provides thrilling racing from outdoor swimming, to toboggan chutes both on mountain sides, and ski-jumping over mountain trails, will this year again take its place among the outstanding Western Canadian winter carnivals.

SPORT NOTES

CONNIE MACK IN OPTIMISTIC MOOD

Philadelphia:—Plus to the colorful baseball saga of Connie Mack—its first chapter informed half a century ago, its latest just trying on the scene—will be written only when the diamond dean can no longer carry on. Retire? Never! he declared, as he prepared for his 71st birthday, looking forward enthusiastically to the job of rebuilding the faces on his Athletics as a result of scattering his once-championship stars.

I'll never retire, he said enthusiastically. So long as I retain my health, I'm going to remain active. I'll continue managing as long as I feel I can help my players.

Until then, said the veteran diamond leader, he'll be characteristically waving his score card from the player pit, building and planning the betterment of his ball club year after year. Why should I quit? he asked. Maybe I made the wrong move in selling those five stars, but the more I think of the deal, the stronger I am convinced I did the right thing.

He referred to the transfers at the major league meeting of Mickey Cochrane to Detroit Tigers, George Kammahs to Chicago White Sox and Rube Walberg, Lefty Grove and Max Bishop to Boston Red Sox.

NAMAKA

While returning from a dance at Meadowbrook in the early hours of Saturday several cars of Namaka young folks and members of the orchestra were stranded in the blizzard when their cars stalled. The occupants of two remained in their cars till daybreak when they made their way on foot to the homes of C. Watson and H. E. Thomson, almost overcome by the cold. The other two cars, however, rather than remain to freeze in the cars which were not filling with snow managed to reach the home of R. Bigger, about half a mile distant. Though apparently none the worse now for their trying, experiences all suffered from frostbites and exhaustion, some more than others. All those marooned in the storm wish to thank Andrew Thomson who set out in a wagon at daybreak to find the lost and also Mr. and Mrs. Bigger, Mr. and Mrs. Watson and Mr. and Mrs. Thomson who were so kind in giving their hospitality.

Mrs. Waters is the guest of Miss M. Folk at her home in Carmangay for the Christmas vacation.

Miss Isabel Thomson and Mr. Irene Baker spent the holiday at their respective homes.

Mr. and Mrs. Fred Watts of Champion spent Xmas with the latter parents Mr. and Mrs. H. Brown.

Friends of Mrs. Jack McLean will be glad to know she is convalescing at her home in New Dayton after her recent operation.

Gordon Edwards is spending the Christmas holidays with his parents at Majorsville.

Miss Millie Brenner left Tuesday to visit friends in Glenora.

Mr. and Mrs. C. Mackie and children and Mr. and Mrs. Brundage and children spent Christmas Day at the home of Mr. and Mrs. H. E. Johnson.

The Christmas concert was held on Friday evening in the Oddfellows Hall. A programme of songs, recitations, plays and drills was ably given

by the pupils and all much enjoyed by the parents and friends. A prettily decorated Christmas tree, Santa arriving by airplane to distribute gifts, bags of candy, etc., brought the evening to a close. Much credit is due to Miss Thomson and Mr. Instaler in training the pupils.

Mr. and Mrs. H. A. Miller and children motored to Stately on Sunday to spend Christmas with their parents.

Kenneth Watts is home from the for Christmas.

CARSELAND

The home of Mr. and Mrs. G. C. Melendy was the scene of a very pretty wedding on Tuesday the 19th when their daughter Pearl Christina was married to Donald Arthur Olson of Okotoks.

The bride was given away by her father, Miss Jean Park acted as bridesmaid and Hiram Melendy did the honors as best man.

Those present besides the immediate families were Mr. and Mrs. H. Gardner and Margaret, Miss Eiler, Mr. and Mrs. Bishop and Catherine; Mr. and Mrs. Colin Park; Mr. and Mrs. T. H. Kruse; Mr. and Mrs. L. A. Kruse; Rev. F. Forester of Carceland officiated at the ceremony. Mrs. Foster sang, I Love You Truly, during the signing of the register.

Mrs. Hiram Melendy played the wedding march.

Incidentally the date of the wedding was the 27th anniversary of the wedding of the bride's parents.

The bride was beautifully gowned and the ensemble included a dress of royal blue velvet lace, slippers of grey suede, hat of close fitting velvet with veil to match.

The bride's bouquet was of pink roses and carnations.

The bridesmaid's dress was a very becoming creation in yellow tulle. She carried a bouquet of pink carnations.

A delightful wedding breakfast was served, arrangements of which were presided over by Mrs. Riley Bishop, a cousin of the bride.

A toast to bride and groom was proposed by Mr. Foster. After the breakfast we happy couple left for Calgary. Their future home will be at Okotoks.

The groom's gift to the bride was a set of dishes, to the bridesmaid a white gold bracelet, to the best man, an Everhart pencil.

WILLIAM ALBERTH NOT CONSIDERING SEEKING ELECTION

The coming by election holds little allurements for William Alberth, principal of Crescent Heights high school, dean of the Protestant Bible Institute and prominent advocate of the Douglas system. It was learned recently, Mr. Alberth had been mentioned during the day as a possible independent candidate with backing from supporters of the Douglas system and various other strong organizations.

I am not out for politics, he said. I have given no consideration to the possibility of running as a candidate in the coming by election. It is true that I might be able to do something for the Douglas system from the floor of the legislature but at the moment I am more interested in placing it before the people.

NOTICE TO SCHOOL SECRETARIES

**The Finest Ford Car
Ever Built**

**NEW FORD
V-8
for 1934**

Ford engineering and manufacturing methods made the V-8 type engine available in a low cost car. The Ford is the only car under \$3700 with a V-type engine. But Ford didn't stop there. For 1934 the engine has been materially improved. It is now the most economical car to operate ever built by the Ford Motor Company.

More miles per gallon, quicker starting in cold weather, greater power, more speed and smoother performance are obtained with the new Dual Carburetor and Dual Manifold. A new built-in ventilation system gives desired fresh air without drafts and does not obstruct the vision.

Streamlining Breaks "Horse-and-Buggy" Precedent

Above, Left: An American design undergoing wind-tunnel tests, and which makes a complete break from all horse-and-buggy precedent. Engineers have found that a blunt nose and tapering body offers the least resistance to wind, conserves fuel, places all the passengers forward of the rear wheels and permits of chassis improvements that eliminate jolts and ripples in riding.

Engineers of three of the world's great engineering nations are devoting more and more of their time to the study of aero-dynamics, or streamlining. The Institute of Aero-Dynamic Research predict there will be revolutionary changes in the automobile of the future.

OTTAWA PACTS ARE SHOWING RESULTS

Statistics issued at Ottawa reveal considerable expansion in Canada's export during recent months. For instance, exports during the month of October were valued at 69 millions dollars, the largest for any single month since January 1929. Coupled with the general increase in exports is a marked increase in both exports to and imports from Great Britain, indicating that the Ottawa trade agreements are producing expected results. Total Canadian imports for September last were valued at \$45,048,000 while the value of the exports during the same month was \$58,300,000, a gain of 36 per cent on the figures for the previous September. On the import side there was an increase of 12 per cent, with Canada increasing her purchases from twenty British countries.

The Anglo Canadian weekly, Canada, published in London, points out that whereas the September imports from the United States were practically the same, \$19,741,000 for September 1932, and \$19,542,000 for September 1933, those from the United Kingdom went up from \$7,515,000 to \$9,465,000. The same authority publishes an interesting detailed chart showing increases in different commodities as between September of this year and last.

OLD AND NEW

By Helen F. Boyden
There's a sigh in the air at midnight
And a sound as of coming feet,
As with faltering step and a light
Some tread
The Old and the New Year meet;
And each has a varied legion
Of followers in his train—
The One has a host of memories,
And the ghosts of joy and pain.
And one brings the brightness and beauty
Of hope in the year to be.
With pictures of wonderful gladness
And some full of melody,
And each bears fragrant flowers—
The first like those for our dead;
But wreaths that are gay and bright.
The others wear on their head:
The Old and the New are parting;
Like sentinels, far and near,
And for ever into memory
The Old with his train has fled.
And now, at our threshold waiting,
Like sentinels, far and near,
Each day has its order reckoned,
And we live in the glad New Year.—Selected.

DUCK DISEASE

Botulism, a bacterial disease in wild ducks has killed at least twenty millions of these game birds in the past 15 years, according to Dr. William Rowan of the University of Alberta. At least 30,000 ducks died of this disease in Subarctic lake near Glouchester during the past four months, it is estimated. Filthy water in shallow lakes is the cause of the disease and clear water cures it.

CIVILIZATION'S TRUE ROCK

Rev Dr S. Parkes Cadman has put into words what many of his fellow Americans are thinking in his remarks that at this hour 1 find Great Britain to be the true rock of civilization, standing firm against all dictatorial and anti-social waves blowing with hurricane velocity across Europe.

The pastor of the Central Congregational Church of Brooklyn, in his Toronto address, devoted considerable of his attention to the world's disturbing forces and the best means of combating them. His Canadian hearers did not need to be reminded of the firmness of the Mother Country amid tempestuous conditions; nevertheless the words, coming from an American pastor, will be regarded as a timely and beautiful tribute.

Soon or late the mass of Dr. Cadman's fellow citizens must come to the realization, as has he, that in stable British institutions lies the great hope of better world conditions.

Here and There

The Canadian Pacific Railway supply farm, Strathmore, Alta., and the best hotel in the city, the four-year-old or over (not in milk) class at the Royal Winter Fair recently held at Toronto.

Blank Winter Sports carnival will be held from January 31 to February 4. It is under the auspices of the city of Toronto. The carnival will be followed by a series of sports week-ends, each being devoted to one particular type of sport.

The problem of truck-rail competition was decided a national one by S. Hayes, M.A. in a recent address before the Engineering Institute. He saw regulation and restriction in areas where the truck does not belong as the only solutions.

Christmas festivities this year will be celebrated by Japanese oranges of which 25,400 boxes arrived at Victoria, recently aboard the Empress of Canada, for distribution to a number of Canadian cities. 5,000 boxes were left at Victoria and the fruit will doubtless feature in the Empress Hotel Yuletide celebrations.

Since October 1, 1930, a total of 101,752 people have been settled on Canadian farms or given farm employment under the auspices of the Dominion Department of Immigration and the two great transcontinental railway companies, according to a report issued by the Department of Immigration. 89,226 of these people were settled without financial assistance.

Expression of confidence in a brighter business outlook in Canada, coupled with railway improvement in conditions throughout the Dominion, was made recently by H. J. Humphrey, general manager, Canadian Pacific Railway, eastern lines, in an interview during his trip of inspection to the Maritime prior to the opening of the winter navigation season.

Five ports hitherto not touched at by world cruises—Peking, Straits Settlements, Semarang, Java, Boleleu and Padang Bay, Bali, and Zamboua in the Zulu Archipelago—have been added to the 1934 itinerary of the Canadian Pacific liner, Empress of Britain, sailing from New York January 4. The cruise will cover 123 days and 30,916 miles and will return to New York May 14.

Special low fares with generous time limits for the return trip will be available on Canadian railroads for the Christmas and New Year holiday periods. It is announced by C. P. Riddell, chairman, Canadian Passenger Association. These low rate tickets will be good between all stations in Canada and also between points in Canada and certain United States connections.

NEW DEAL IN ALBERTA

— (10) —
BEEF CATTLE

The fine reputation established in
Britain by Alberta Beef Label beef
has had results recently in a new
feature introduced into the market-
ing of our best overseas. One of the
leading exporters in London has pur-
chased and put on feed lots in Central
and Southern Alberta 1,000 head of
choice feeder cattle, mostly calves
and yearlings, bought direct from the
ranchers. The farmers finishing these
cattle on their feed lots are to be paid
7 cents a pound for the gain made.
The cattle will be on average in the
spring as soon as they are in prime
condition. The arrangement of this
deal was made through the Southern
Alberta Cooperative and it success-
ful deal will probably be the forerun-
ner of a fairly large enterprise about
these lines. This is the first op-
eration on which a British importer
has purchased cattle outright on the
Alberta range and fixed a definite
price to be paid for gain in weight
on the feed lots.

PLAN TO ESTABLISH
ALBERTA WOOLLEN MILL

Edmonton—A small woolen mill
for the manufacture of yarns and
blankets at the start and later hand-
made goods, would be established at
Lacombe or Edmonton to the spring
by W. J. Frost and James Kinney of
Lacombe. They intended the Alberta
Provincial Sheep Breeders' Associa-
tion in annual convention recently
winning thereby the hearty approval
of breeders and of customers.
It is no more than 17 1/2 miles at present.

CONSERVATIVES TO MEET
IN EDMONTON

It has been announced that the
provincial conservative convention
will be held in Edmonton before the
next session of the Legislature. It was
intimated that Prime Minister R. B.
Bennett would arrive in Calgary in
January and the date of the conven-
tion will be set to conform with his
visit. Mr. Duggan stated. Leaders from
other western provinces will be in all
probability take part in the conven-
tion. It was stated.

CENTRAL ALBERTA DAIRY

The Central Dairy of A. L. A. Co-
operative Creamery concern at the
end of its fourth year of operation,
has repaid in full to the Provincial
Government a loan of \$58,778 which
was to run 20 years.

In Vancouver

enjoy the hospitality of the
Grosvenor. Here you will be

— (10) —

The total wheat yield of Alberta
for 1932, according to a survey just
completed by the provincial dept of
agriculture will be 95 million bushels.
The yield in 1932 was 164 million bu.

— (10) —

\$500 PER DAY

— (10) —

Under a regular and legal scale of
wages for animals used in moving
picture making in California the
average tops the list at \$500 per day.

— (10) —

SIXTY THOUSAND LAMBS

— (10) —

It is estimated that 60,000 lambs
are being fed for market by various
feeders in Calgary. There are also
10,000 lambs on feed in the Brooks
and Tully districts.

— (10) —

FRESH EGGS

— (10) —

Poland sent to the British markets
this year 225,000,000 fresh eggs.

— (10) —

INCOMES

— (10) —

In a total population of ten and a
half millions in Canada in 1929, less
than 50,000 persons had incomes reas-
ing \$5,000. There were 608 persons
having incomes of \$50,000.
